

Circular

Dear Parents,

Greeting from DPS Family! (D.A.V.C Public School).

The school has started the new academic session i.e 2023-24 from 4th April 2023. It is a great pleasure and a wonderful sense of anticipation that we extend a warm welcome to you and your ward to the new academic session. The new academic year brings the renewed energy to fulfill all that has been planned for the students. There are new goals to identify and there are new dreams to be turned into reality.

Here are some important points and we request all our parents to adhere.

- * Children needs to be in proper uniform.
- * Ensure that your child carries only healthy food and Junk food will not be allowed.
- * School almanac (Diary) is also an important part for the student's daily routine, scheduled and to manage academics. It serves as a source of information and mode of communication.
- * All the books and notebooks should be covered and labelled.

We look forward to form a strong relationship with you as together.

We wish your child Happy Schooling

Principal
D.A.V.C. Public School
